**FORENSIC MEDICINE**

# INTERNATIONAL INSTITUTE FOR FORENSIC & SECURITY STUDIES INDIA

## INFORMATION BROCHURE

**Introduction:** Forensic Medicine is the science dealing with the application of medical knowledge to legal matters. It includes autopsies/postmortems to determine the cause of death, identify human/animal remains, and analyze wounds/injuries to ascertain if intentional/accidental/natural death has occurred; how and when? It is also extended to gathering toxicological evidence to determine presence of alcohol, poisons, drugs, allergens, and other such materials to explain cause of death in detail, many a times leading to why and who did it, thereby aiding in bringing perpetrators to justice. It is a crucial field involving various sub-specialties like: forensic pathology and forensic toxicology, and may be further extended to more specialized fields like: forensic psychiatry, sexual assault examination and wound analysis.

**Scope of Work:** Forensic Medicine expert across government/private hospitals, Forensic Toxicologist, Forensic Pathologist, Coroner, Medical Officer, Death Investigator, Medico-legal Expert, Teaching Faculty Member, Forensic Researcher, Forensic Consultant, Scientific Support on Crime Scenes, Disaster Victim Identification expert, and so on. Other related careers could be Forensic Anthropologist, Forensic Entomologist, Forensic Psychiatrist and Forensic Odontologist to name a few.

**Collaborations:** We have training partners in countries like - India (various States), USA, U.K., UAE, and others, including some of the best across the globe.

**Eligibility:** Successfully completed M.B.B.S or equivalent foreign degree. Any State or National Medical Council / equivalent foreign body's registered / licensed medical practitioner is preferred. Students in their final year of bachelor's degree program are also eligible to apply.

**Duration:** 18 Months (3 Semesters, January - July - January), Full Time. [First batch of fellowship program begins: July of 2026.](#) Program may be completed in 3 years, part time. Please check with us before applying if that may be the case.

**Intake/Seats\*:** 30 ; including 15 (for Indian Nationals) & 15 (for Foreign Nationals/NRIs). New admissions are taken twice a year (Jan & July batch).

**Mode of Course Delivery:** Hybrid / Blended [Online + On-Ground]

**Tuition Fee#:** INR 08,00,000/- [Indian Rupees Eight Lacs only] for Indian Nationals or USD 10,000.00 [US Dollars Ten Thousand only] for Foreign Nationals/NRIs.

**Scholarships & other Perks:** **25% reduction in above tuition fee is being offered as scholarship** to all selected candidates, amounting to a reduced total tuition fee of INR 6,00,000/- (Indian Rupees Six Lacs Only) for Indian Nationals and US\$ 7500 (US Dollars Seven Thousand Five Hundred only) for Foreign Nationals/ NRIs payable by admitted students in a single installment at the time of receiving admission offer in order to confirm their seat on the program. Free accommodation & meals will be provided for some of the local on-ground course component (practical training/rotation/internship/thesis) within India. **No Stipend of any kind offered.** Full or partial funding to participate in national/international conferences (maximum two), free membership of professional bodies/associations (maximum two) and IIFSS's E-library membership with access to millions of collection of books, articles, journals, magazines, etc. for the entire duration of the program will also be provided.

**Program Structure, Assessment & Evaluation:** 06 months - online taught component [live online classes + theory/reading material + webinars + panel/group discussions + practicals (observership) + case studies] along with 06 months - practical training\*\* + hospital/lab rotations\*\* + internship\*\* [(on-ground within India and/or abroad (optional))] at our partner institutions / labs / hospitals / departments, followed by 06 months of final project work / thesis\*\* also completed in collaboration with our program partners. Students could choose to complete their practical trainings / internships / rotations / thesis within India or abroad or a combination of both. All foreign (outside India) components for students are completely optional. Graded assignments would be used for assessment and evaluation of students, including but not limited to webinars/class presentations, case analysis & reporting, quizzes/MCQs, open book exams, essays, variety of group assignments, etc. Students need to successfully complete all components of the fellowship and pass all graded assignments in order to be awarded 'Certificate of Completion' by IIFSS. No exceptions.

\* In case Foreign/NRI student seats remain unfilled, local students may be considered for admission on the same and vice versa.

# INTERNATIONAL INSTITUTE FOR FORENSIC & SECURITY STUDIES INDIA

## INFORMATION BROCHURE

**Accreditation & Recognition:** This program is offered in collaboration with fully accredited & recognized medical schools/hospitals/laboratories/government departments/private bodies and associations within India and abroad, including some of the best/top schools/hospitals/labs/depts in the world. IIFSS, India is ISO 9001:2015 certified by International Organization for Standardization, Geneva, Switzerland to conduct online/on-ground/hybrid training programs in forensics and related fields.

**Curriculum:** Based upon MD-Forensic Medicine curriculum (by NMC, India) & DNB-Forensic Medicine syllabus (by NBEMS, India), and, customized as per Indian and international medical standards & laws, this program is inclusive of theory, practicals, hospital/lab rotations, internship and project/thesis work along with co-curricular and extra curricular activities for overall holistic development of our students. With greater emphasis laid on professional skill development & capacity building towards future job opportunities for our fellows; without any formal qualifications in the area, and setting the stage for succeeding in main stream programs like: MD/Master's degree/DNB/PG Diploma/PhD - Forensic Medicine and related entrance examinations:-NEET-PG/INI-CET/USMLE/UKMLA/etc., this unique fellowship offers varied learning experiences and hands-on training opportunities at locations worldwide, many of which might lead to formal work appointments or further higher education in the near future. This intensive fellowship program aims to teach the entire curriculum in half the duration needed to complete most formal degrees/diploma's in FM in India and other parts of the world. Detailed program curriculum to be provided to admitted students only.

**Selection Procedure:** Personal Interview (Online / Offline).

**Program Faculty:** Teaching faculty members from some of India's top and world's best medical schools, forensic medicine departments, forensic laboratories, police/law enforcement organizations, criminal justice / legal system would be a part of teaching and training our fellows on this program.

**Application Procedure:** Please download, duly fill and submit the Online Application Form available on Admission's page of our website (Using 'Apply Now' link on the same page) along with e-copies of original transcripts & degree certificate, copy of medical license / registration certificate (if applicable), other documents (as applicable and specified in the Application Form) together with an Application Fee payment of INR 2000/- (Indian Rupees Two Thousand only) for Indian Nationals or USD 30.00 (US Dollars Thirty only) for Foreign Nationals/NRIs via NEFT/International Bank Transfer. Find IIFSS bank account detail below. In case you are an international student and need an alternate method of payment for your application fee, please get in touch with us. *Application forms without application fee would not be considered.* After submitting your online application form and depositing your application fee, kindly email application fee payment confirmation receipt to [admin@iifs-studies.in](mailto:admin@iifs-studies.in), [iifss.india@gmail.com](mailto:iifss.india@gmail.com). Deadline to submit online application form alongwith application fee is: Friday-06<sup>th</sup> February 2026, 11:59 Pm IST.
